

Name: \_\_\_\_\_  
 Due date: **Wednesday, October 22**  
 Period: \_\_\_\_\_

**Let's map it!**

Two of the five themes of geography are location and place. In order to become more familiar with some of the important locations and places in Europe, complete the two maps below by **Wednesday, October 22**. Use Google Earth, atlas app, or any other resources to find the information that you need. You can complete this assignment on paper, Notability OR Keynote (please use a blank map). This assignment will be graded on **accuracy & completion**.

**Map 1 – Political**

**Countries:** Color and label each of the following countries.

- |         |                |                |          |
|---------|----------------|----------------|----------|
| France  | Finland        | Sweden         | Iceland  |
| Germany | Russia         | Netherlands    | Croatia  |
| Greece  | Hungary        | Spain          | Slovakia |
| Ireland | Ukraine        | Austria        | Serbia   |
| Italy   | Poland         | Czech Republic | Bosnia   |
| Norway  | United Kingdom | Switzerland    | Portugal |

**Cities:** Label and identify capitals with a star. Label and identify cities with a dot.

- |        |                |              |           |
|--------|----------------|--------------|-----------|
| Athens | Paris          | Reykjavik    | Edinburgh |
| Vienna | Eisenach       | Vatican City | Budapest  |
| Berlin | Rome           | Madrid       | Warsaw    |
| London | St. Petersburg | Amsterdam    | Lisbon    |
| Moscow | Oslo           | Dublin       | Prague    |

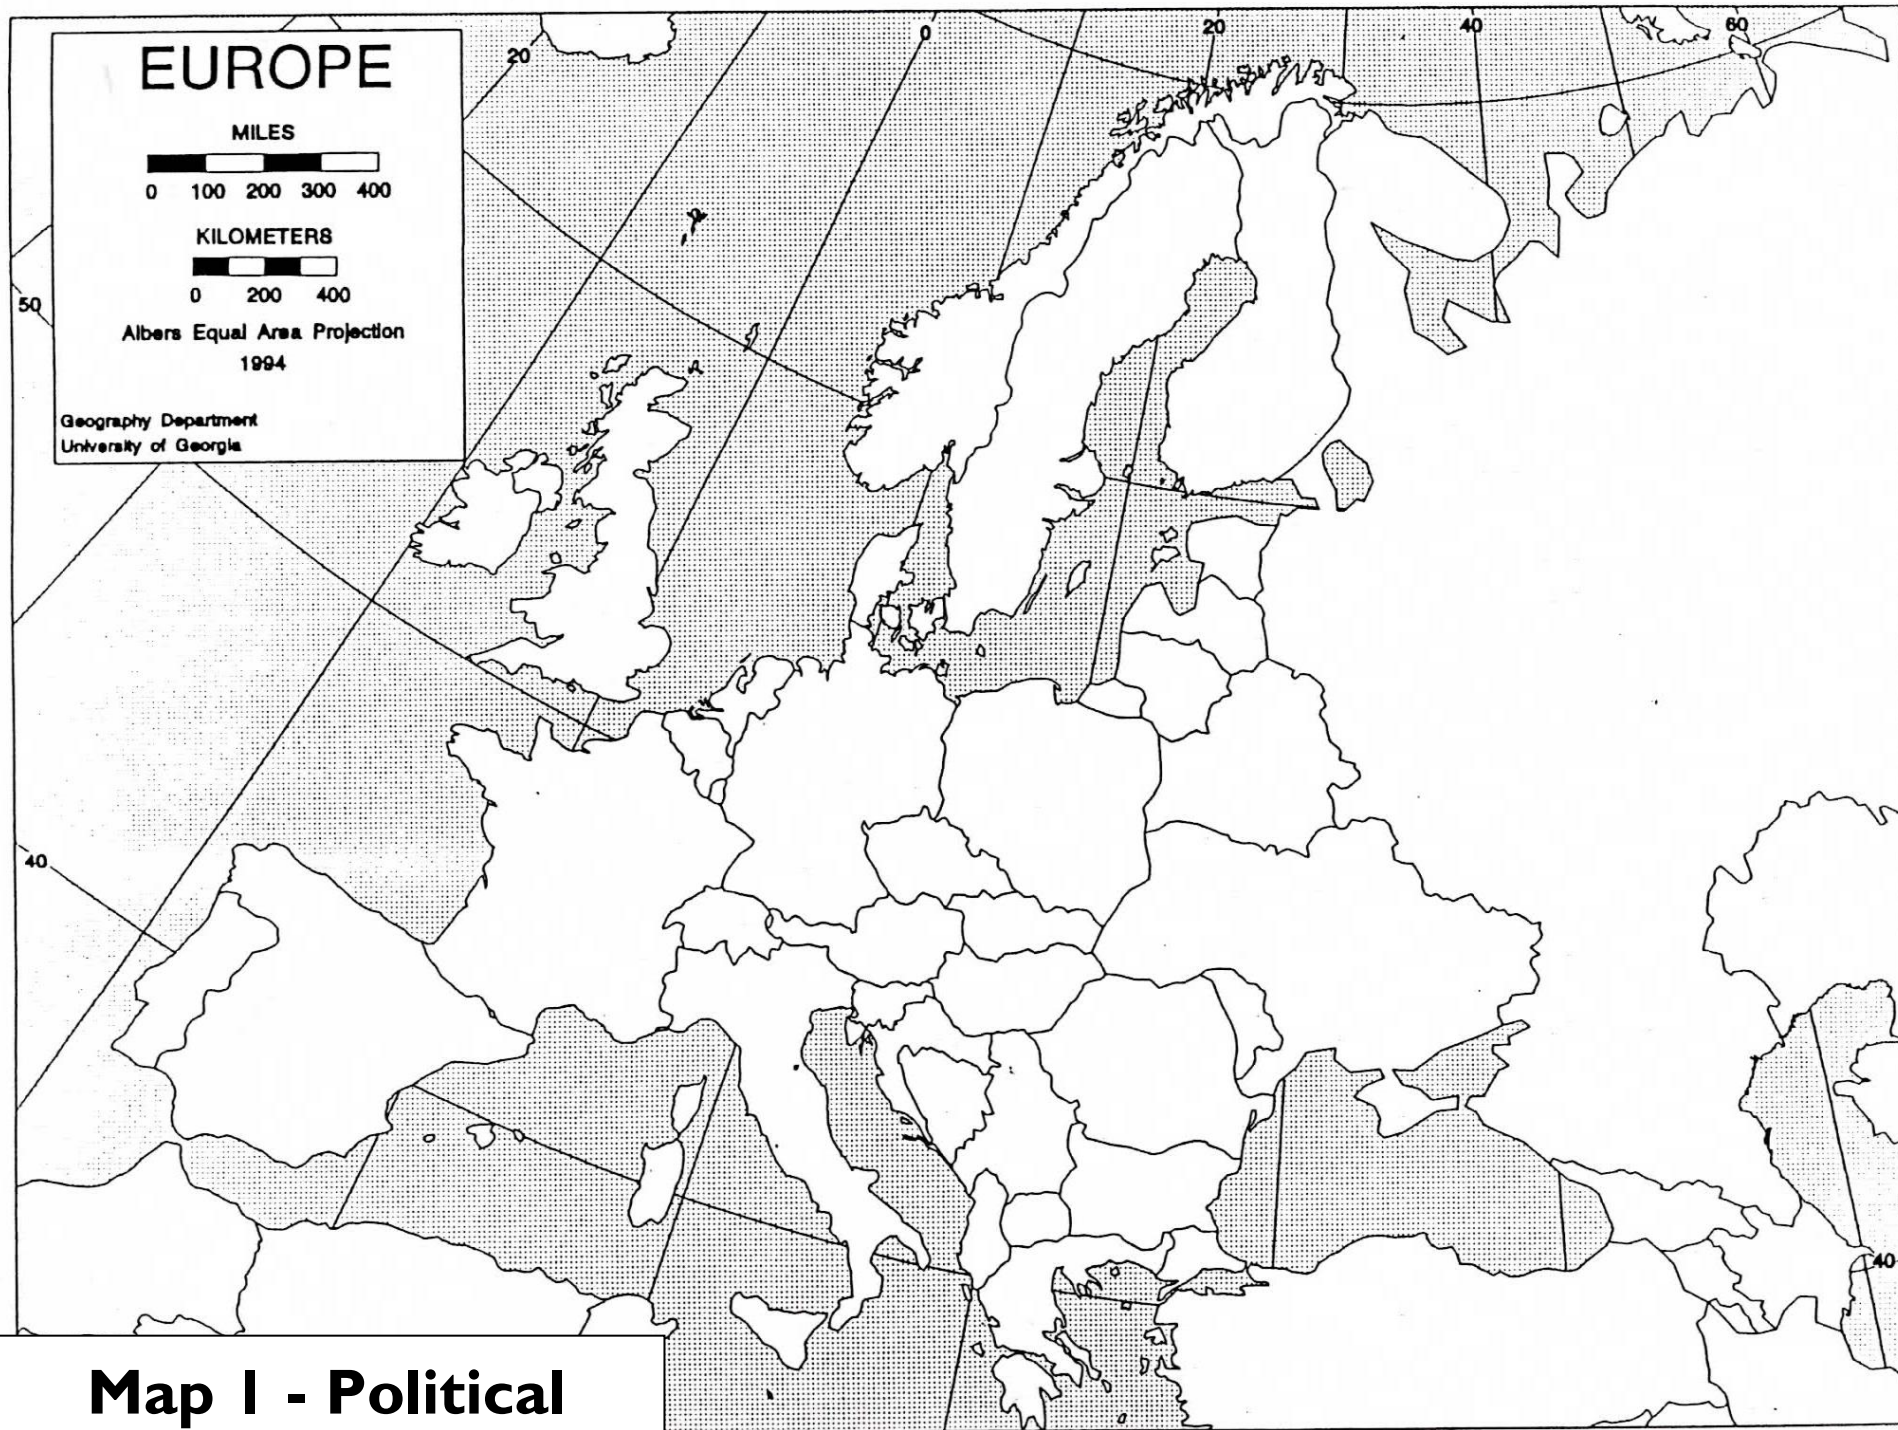

**Map 2 – Physical**

**Landforms:** Show mountain ranges with triangles and label. Indicate a plain by *lightly* shading over the area in green and labeling.

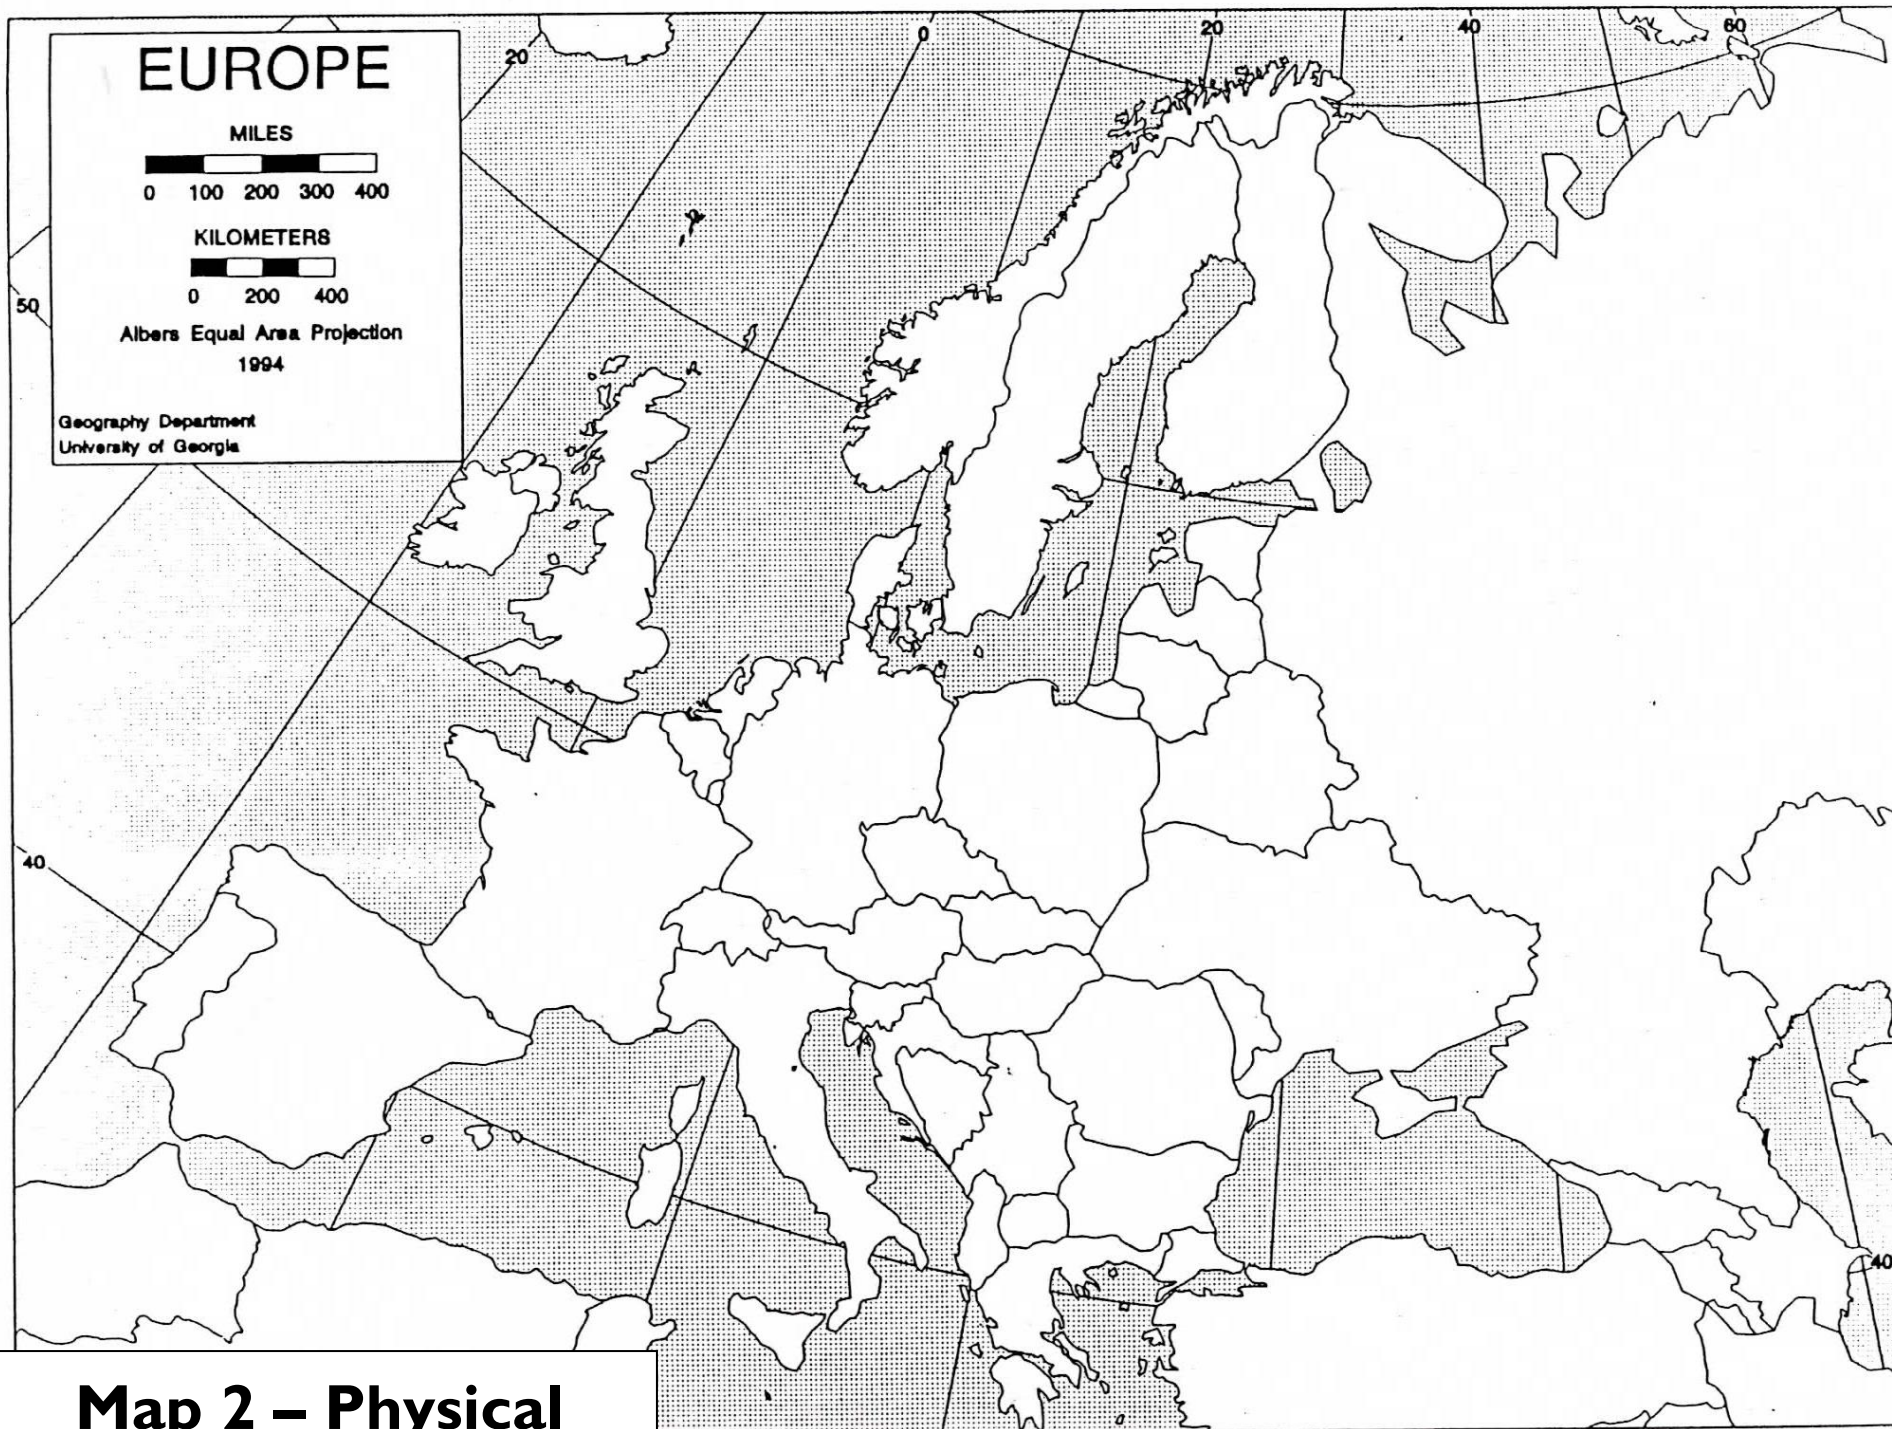

- |                  |                |                         |
|------------------|----------------|-------------------------|
| Alps Mtns.       | Caucasus Mtns. | Ural Mtns.              |
| Carpathian Mtns. | Pyrenees Mtns. | Northern European Plain |
